

Application example

THE MULTI-TALENT **ALKADUR HR BK**

Available modular systems:

- Primer
- Filler
- Levelling + Concrete
- Mortar
- Laminate
- Broadcast coating
- Broadcast coating cond.

Basic components:

- ▶ Alkadur-HR-Solution
- ▶ Alkadur-HR-Hardener

Main features:

- Same solution and hardener for all system variants
 - ▶ Barrel / IBC also possible
- Error quote minimised
- Effort for production and logistic reduced
- Less disposal costs due to fewer different containers on-site
- Cost optimisation

Fields of application:

- Construction sites, on which cost and logistics shall be optimized
- Work in water pollution control environment if the basic components are already available on-site
